COMPARATIVE QUIET.

Moscow's Exciting Three Days Followed by a Calm.

Moscow, Oct. 10.—After the exciting events of the last three days, yesterday passed in comparative tranquillity. The strike of the bakers, printers and carmen continued and was joined by the theatrical merchants. Two large gatherings of the strikers were held in the open air, at which red flags were waved, but the proceedings were orderly and the manifestations dispersed of their own accord. There were no serious collisions with the troops and the feeling was much less tense. All the stores, except the Philipoff bakery, were open.

Traffic was resumed on all the streets with the exception of the Tverskoi boulevard, the center of the previous disorders which was closed with troops and police at all the intersecting streets. Detachments of Cossacks, dragoons and mounted police patrolled the vicinity and kept the crowds moving. Infantrymen and cavalry were held under arms in the court yards of the police stations in various quarters of the city.

The non-appearance of the newspapers resulting in a lack of authentic information, furnished a field for many alarming rumors, among them one to the effect that there had been a collision between the troops and the mob, in which ten persons, variously reported as Cossacks, police or civilians, were killed. This rumor has been authoritatively denied.

IMPERSONATED A DEAD MAN.

New York, Oct. 10.—After working two years as trusted clerk in the bureau of assessments and arrears appearing on the records of the civil service board in the name of a dead man, Joseph Ford, who has served sentences in prison aggregating more than 23 years for manslaughter, assault and larceny, was arrested yesterday, charged with having impersonated a cousin, Frank A. Sliney, who died a year ago, after having successfully passed a civil service examination for junior clerkship. In assuming the name and personality of Sliney, Ford gave his own correct age, which is 51 years, while Sliney was carried on the civil service rolls as 28. On the day when the warrant was obtained for his arrest Ford had his salary raised from \$600 to \$1,200.

DUNNE LOST.

Chicago City Council Wouldn't Accept His Plan Last Night.

Chicago, Oct. 10.—Mayor Edward E. Dunne placed his contract plan for municipal ownership before the city council last night, and it was defeated, 45 to 18. The plan provided for the organization of a corporation and the issuance of certificates under what is known as the Muller law.

Out of the sale of these certificates the first 90 miles of street railway was to be constructed, paralleling existing lines.

It is expected that the mayor will now abandon this plan and bring in its place its alternative or "city plan." This contemplates the acquisition by purchase or condemnation of all the lines of the existing street car companies.

UNIVERSITY IN DANGER.

Heroic Work by the Students Saved It from a Forest Fire.

Berkeley, Cal., Oct. 10.—A fierce fire swept over the Berkeley hills behind the University of California yesterday, and had it not been for the heroic work of 1,000 students from the university and for the Berkeley departments assisted by hundreds of citizens, much property would have been destroyed. The flames were first discovered in Strawberry canon at eleven o'clock. Fanned by a north gale that blew all day, the great sheet of flames swept the hillside and bore down toward the university buildings.

Seeing the danger, President Wheeler dismissed the student cadets. The cadets were assembled on the campus for drill and President Wheeler called on them to work. President Wheeler himself led the students, and, hatless and coatless, they fought the flames with wet sacks until late in the afternoon, not even stopping for dinner.

CUT OFF BY FLAMES.

Twenty Persons Were Finally Rescued From This Fire.

New York, Oct. 10.—Cut off from all escape, 20 persons were rescued from death in a blazing tenement in Sixth street last night by two unknown heroes and three policemen, everyone of the panic-stricken tenants being saved before the arrival of the firemen.

Hearing the alarm that followed the discovery of a fire in the hallway on the second floor, two laborers at work on a gas main in the street, rushed into the blazing building and, making their way to the upper floor, helped many women and children to the fire escapes. They were soon joined by three policemen who stationed themselves on the escape galleries and passed the occupants down from hand to hand until just as the first engine arrived the last of the tenants was taken out unhurt. The upper floors of the building were completely gutted.

Newport Lost Bobbin Factory Last Night.

Newport, Oct. 10.—The Orleans bobbin factory was destroyed by fire last night. The blaze started near the dry kiln about 7:30 p. m., and owing to the elevation, it was impossible to obtain water until the pump was started at Prouty and Miller's mill when the fire had made such a headway that all efforts were diverted to saving the houses and surrounding buildings. The business was managed by L. P. Auburn and employed 25 hands. The loss estimated at \$10,000 and the property was insured for \$4,000.

BARRE MEN IN COURT

Enrico Maggiani On Charge Of Murderous Assault.

ON CONDUCTOR PERKINS

Trial Started This Morning—Liquor Sellers Got Heavy Doses—Gulman of Marshfield Fined \$1,200.

Montpelier, Oct. 10.—On the completion of this morning of the trial of State vs. Frank Cross of Montpelier, on the charge of stealing \$35 in money from Henry Cashen, Enrico Maggiani of Barre was brought up for trial in Washington county court. Maggiani is to answer to the charge of assault with intent to kill conductor William Perkins of the Barre and Montpelier electric railway by shooting him in the back, when put off the car for not paying his fare.

The state alleges that the assault took place on the night of June 29, last. There were a large number of passengers on the car at the time, but no one was hit with the exception of conductor Perkins, one of five shots entering his back and lodging near the base of the spine. Maggiani was arrested a short time later as he was walking toward this city. Since that time he has been in jail. The last grand jury brought the indictment against him.

The trial of the case was started at half past ten this forenoon. Angelo Scampini is acting as interpreter. E. W. Gilman of Marshfield, proprietor of a general store there, pleaded guilty to three offences of selling and was fined \$400 and costs for each offence or \$1,200 in all, with the alternative sentence of about ten years in the House of Correction at Rutland.

Joseph Wood of Barre pleaded guilty to one offence of selling and was fined \$400 and costs, with the alternative sentence.

Mrs. Mary Saroni of East Montpelier, who was indicted for selling, pleaded guilty to two offences and was fined \$300 for each offence and costs, with the alternative sentence. This makes a total of \$2,900 fines imposed today for selling. Odu Gilbert of Granville pleaded guilty to a breach of the peace for which he was indicted and was fined \$300 and costs of prosecution with the alternative sentence. J. W. Gordon, his counsel, pleaded in extenuation for him that when the breach of peace was committed the respondent was so drunk he did not know what he was doing. In passing sentence Judge Rowell said this admission aggravated rather than palliated the offence.

Martin Whalen of Warren was indicted for larceny. He pleaded guilty to stealing a quantity of silver. His case is being investigated and he will probably be placed in the hands of the probation officer. Whalen is only 17 years old and has never before been accused of any crime.

When the doctor arrived the child was out of danger.

WAS FOUND IN BARRE.

William Blake Had His Own Bank Book and a Revolver.

William Blake, Jr., the 14-year-old son of William Blake of Albany, N. Y., who disappeared from the home of his parents more than a week ago, has been found in this city and is being held until the arrival of his father, who is expected today. When it was found that young Blake was missing, his parents sent word to D. A. Blake of this city, where they formerly resided, to see if he was here.

A sharp watch was kept for the young man, but not until Saturday was he found, when Mrs. Blake came upon him on the street. He was persuaded to go to Mr. Blake's home on Park street. The young man had smuggled his way from Albany to Barre on freight and passenger trains. He had in his possession a bank book of his own and a large revolver.

TO LAY OUT SILVER STREET

Council Votes to Make It a Two-and-Half Rod St.

\$500 FOR J. D. OSSOLA

To Move House Back and Give City Seven-Foot Strip of Land Which May Belong to City Anyway.

The city council held a special session last evening and decided to pay J. D. Ossola \$500 to move the house he is placing on North Seminary street, back to line with the other houses on the same side and for a strip of land varying in width from three to seven feet.

It was stated by the city clerk that it had been reported to him yesterday that there was a plan of North Seminary street as laid out by Joshua Thwing, among the papers of the Loomis estate in Montpelier, but no action was taken to find out if such a paper really existed, although the city attorney advised the council it would be wise to do so. It was voted that bounds be set today and deeds made at once. The council also voted "that the street commissioners be and they are hereby authorized and instructed to cause North Seminary street from its intersection with Brook street to its intersection with North Main street be laid out as a two-and-a-half rod street and to call hearings, award damages and make assessments according to law."

At the beginning of the meeting alderman McKenzie stated that the council had offered Mr. Ossola \$300 that Mr. Ossola asked \$700 for the land wanted and \$165 for moving his house, but had agreed to compromise on \$600. City Clerk Mackay stated what had been told to him about a plan of the street as laid out by Joshua Thwing. After a lengthy discussion of the matter Mr. Ossola said he would be willing to accept the \$300. There was some further discussion and it was finally decided to pay it.

Supt. of Streets Bruce stated to the board that there was a strip of land in front of his place and that of James Ahern on Eastern avenue, which property belonged to the city, and if the council would instruct the city engineer to survey it and set bounds and make a deed, he would see that they were signed and the land conveyed to the city.

The sum of \$500 was appropriated to the land damage account.

It was voted the street commissioners purchase the necessary signs for posts which are now without any and put them up.

Mr. Cutler Saw Plans.

Ex-Alderman Fayette Cutler, who it was stated last evening, had seen the plans of Silver street, was asked about it this morning. He stated that as he remembered it, he and C. S. Currier went to Montpelier and saw the plans at the time the city started in to make Silver street a three rod street.

SMOTHERED THE FIRE

But Robert Sawyer Was Severely Burned in the Action.

Robert Sawyer, a city employee, who rooms at 50 Brook street, was severely burned on the back of his neck and head, as well as on his hands, while trying to put out a slight blaze in the house of Edward Tobin, caused by the upsetting of a lamp in the kitchen about eight o'clock last evening. Mr. Sawyer was reading by the light of a kerosene bracket lamp which hung just above and behind him. By some means the lamp was tipped partly over letting out some of the kerosene, which caught fire, causing the lamp to explode. Some of the burning fluid fell on Mr. Sawyer's head and neck and some on the floor and walls.

An alarm of fire was sounded from box 16 but before the fire company (of which Mr. Tobin is captain of the hook and ladder company) arrived, Mr. Sawyer with the aid of some neighbors, had smothered the flames so that there was nothing left for the fire fighters. Mr. Sawyer went to the Emergency hospital just across the street from his home and had his burns dressed. They will not prove serious but will keep him from work for some time.

"MAN-AFRAID-OF-NOISE"

Wants Fire Department to Go Out in Gum Shoes.

Editor Times—Would it not be a capital idea to supply the fire department with a large bass drum, just to add a little variation to the foot gongs which they persist in ringing with such vigor to signalize their return from a call?

Last Thursday night, when it was nearly midnight, the Main street citizens were subjected to as much noise as if the department was making its way to a fire through crowded streets, and again last night we had another ear-splitting concert.

Let us have it as they do in the cities, I. e., do all the ringing going to the five.
